

## High School Varsity News

Varsity players from the 2008 season held a lacrosse clinic for kids grades K -8 on October 26, 2008 at Strawberry Hill Park. They had a great turnout of kids interested in learning more about the game. After a brief game demonstration by the high school players, the kids geared up and learned some fundamental lacrosse skills on the field. Thanks to our Varsity players who organized this free event for the Bainbridge community.
